LB 809A

and, of course, very much on Select File through the rest of the week. Thursday, Select File. Some more Final Reading and we may start on overrides if we have them back and I think that we will have some of the appropriations back from the Governor Thursday and Friday so that we can be doing overrides on Thursday and Friday. We must stay on Select File pretty much of the time on Thursday and Friday and on Final Reading, of course, so that we don't have so much Final Reading the last few days that we wear our people out that do Final Reading. So I urge you to move on with it. And one other thing, much through the session we heard, well, when it gets to Select I will amend it on Select File. Better stop saying that about now because our Select File is getting very crowded. So I urge you and I do appreciate the way you have worked in the past weeks. You have done very well, and I am sure that if we hang in there the last few days, we will wind up in good shape. Thanks again for all your support and help in the past. We will move on to LB 809.(sic)

CLERK: Mr. President, 809A by Senator Newell. (Read title.) Senator Newell, you have an amendment to the bill.

SPEAKER NICHOL: Senator Newell.

SENATOR NEWELL: Mr. President and members of the Legislature, the amendment that is on the bill would strike the first year of cost. The bill as it was originally drafted would put the funds for the homestead in for next year. And there was some...I had indicated that it might be a good idea to speed that up and try to do it for this year looking...I was making that decision about the same time that the revenue projections came out. I now know that my original plan was the better plan and so we are cutting the money out for the first year. This would just make it consistent with the bill which is up there on Select File indicating that we are going to strike the first year cost out which was \$17 million. So this is an opportunity to save \$17 1/2 million by voting for this amendment.

SPEAKER NICHOL: You have heard the motion. All those in favor vote aye, opposed nay. Record, Mr. Clerk.
